ABOUT ME

An aspiring tech virtuoso, I'm on a relentless pursuit of excellence. With a solid foundation in computer science from AWKUM, hands-on experience in Python, and versatile skills in web and graphic design, I blend creativity with precision. My journey

EDUCATION

- 2021-2025 | **AWKUM Mardan**
Pursuing BCS-Honours at AWKUM (Grad. 2025) for in-depth computer science knowledge and a strong tech career foundation
- 2019-2021 | **GPGC Mardan**
Completed FSC from GPGC Mardan in 2021, solidifying my academic background and readiness for further educational and career pursuits.
- 2014-2019 | **Quaid - e- Azam Public School Mardan**
I completed my Secondary School Certificate (SSC) from QPS Mardan in 2019. This educational milestone reflects my dedication to academic excellence and marks the beginning of my educational journey, setting the stage for my subsequent achievements and pursuits in the field of computer science and technology.

WORK EXPERIENCE

- 2022-Current | **Python Developer**
Founder of WEBR in 2021, where I serve as a Python Developer. I lead with vision, leveraging my skills to drive innovation and excellence in web development. My journey embodies the passion to craft solutions that transform ideas into reality.
